

Music development plan summary: Ormiston Rivers Academy

November 2024

All schools should have a music development plan from academic year 2023-24. Schools are expected to publish a summary of their plan on their website from academic year 2024-25.

This template is designed to support schools to produce the summary. It should set out how the school will deliver high-quality music provision in curriculum music, co-curricular music and musical experiences, taking into account the key features in the [national plan for music education](#):

- timetabled curriculum music of at least one hour each week of the school year for key stages 1 to 3
- access to lessons across a range of instruments, and voice
- a school choir or vocal ensemble
- a school ensemble, band or group
- space for rehearsals and individual practice
- a termly school performance
- opportunity to enjoy live performance at least once a year

The summary should reflect your school’s music provision for the given school year and your plans for subsequent years. It should also refer to any existing partnership with your local music hub or other music education organisations that supports the school with music provision.

Before publishing your completed summary, delete the advice in this template along with this text box.

Overview

Detail	Information
Academic year that this summary covers	24-25
Date this summary was published	Nov 24
Date this summary will be reviewed	July 25
Name of the school music lead	Laura Turnnidge
Name of school leadership team member with responsibility for music (if different)	Kate Goodfellow
Name of local music hub	Essex Music Hub
Name of other music education organisation(s) (if partnership in place)	

This is a summary of how our school delivers music education to all our pupils across three areas – curriculum music, co-curricular provision and musical experiences – and what changes we are planning in future years. This information is to help pupils and parents or carers understand what our school offers and who we work with to support our pupils’ music education.

Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.

Ormiston Rivers provides a broad and varied Music Curriculum for Kay stages 3,4 and 5.
We have our own dedicated music website: www.RiversMusic.co.uk which houses our resources.

Music hours per fortnight		
KS3	KS4	KS5

Music Tech: Performance Music technology mix of Shape of you. Midi editor, Drum loop, mixing	Rhythm: Gamelan Drumming Explore rhythmic techniques using traditional Indonesian drums. Pupils will perform and compose complex rhythms with a focus on duration and tempo.

The Music Department follows the SEND policy for the whole school which can be found [here](#). However, we assess the individual needs of students within our department and adjust these access supports as necessary to allow all students equitable access to our Music Curriculum.

Part B: Co-curricular music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

We offer peripatetic lessons in the following instruments: piano, brass, voice, drums, bass/electric and acoustic guitar. These are one to one for ½ hour every 2 weeks.

Students can use the practice rooms every break/lunchtime to rehearse as individuals or as an ensemble. Students regularly play in rock bands or practice their KS4 exam pieces or other songs during this time. Students can hire instruments through Essex Music Services, but also have access to our drum kits, guitars, pianos and microphones during break and lunch time.

Students make progress through opportunities to perform in the local community, such as carnival, school shows, performances to the Rotary club and are taking part in a local festival competition this year for young musician of the year.

To support the GCSE student's performance exam, they also put on a concert for local parents/carers.

As a school we put on a whole school musical yearly, which gives students the opportunity to perform and develop skills in the other Performing Arts disciplines also. Students who have an interest in music technology also help at all of our events, developing skills in setting up sound.

Students pay for peripatetic lessons but are subsidised if they are Pupil Premium.

All clubs run in school are free and open to all year groups.

We work with local businesses, charities and our feeder primary schools to support co-curricular music. This included workshops run by our staff along with performances at events in the local community.

As a department, to support staff wellbeing, we also run a staff choir. We have end of term assemblies in which staff and students perform.

Part C: Musical experiences

This is about all the other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

September yearly – Carnival. Our students performed at our local carnival. This carnival raises money for charity. Next year we will be doing a carnival float and having students perform on this.

December yearly – Whole School musical. Students auditioned in Summer Term and a regular rehearsal schedule is set out. Some rehearsals took part in October half term.

Tickets are open to the public and local community and priced at £7 per adult and £5 per student. Staff are allowed 1 free ticket. Students in all year groups are participating.

Trips – Music Technology students visit and complete a workshop at Abbey Road Studios. All students had the opportunity to see the Musical Six at The Cliff's Pavilion. PP students are always offered these tickets for free.

January 2025 – Year 11 Music Performance to parents/carers as a mock exam. This will be filmed, and we have an external moderator coming in to support us from another secondary school.

February 2025– Civic Performance. These are awards given to the local community. Our students perform in a formal setting for this event, either singing or instrumental.

April 2025 – music festival in Southminster for all schools in the Dengie. This is a competition for musician of the year and has a monetary prize.

In the future

This is about what the school is planning for subsequent years.

We are continuing to develop the KS4 Trinity course, encouraging students to play a range of instruments to a grade 6 standard. We are also going to have our own carnival float next year to give more students opportunity to perform to an audience, along with more competitions such as the music festival. We want to also work with the Rotary club to put on a charity event after Christmas. I would also like to have a live band for our next musical as opposed to backing tracks, as some of our students could perform in this.

Further information (optional)

Use this space to provide any further information about your school's music development plan, including links to your local music hub partners, other local music education organisations and contacts.

The Department for Education publishes a [guide for parents and young people](#) on how they can get involved in music in and out of school, and where they can go to for support beyond the school.

Your local [music hub](#) should also have a local plan for music education in place from September 2024 that should include useful information.

If your school is part of a multi-academy trust with a trust-wide music development plan, you may also want to include a link to any published information on this plan.
