

23 May 2025

Dear Year 10 Parents and Carers,

Re: Mock Exams

As part of the preparations for your son/daughter's final exams next year, we will be running mock exams from the week beginning 18th June 2025 (a timetable is included below).

Mock exams are used to enable students to gain valuable experience in sitting formal exams. The information we gain from the exams also enables us to plan the year eleven curriculum to maximise student achievement and determine if any exam access arrangements need to be implemented. Core subjects will be tested in this series of exams, options subjects will use in-class tests to tailor the year eleven curriculum. Only content covered so far in year ten will be included in the exams and subject tutors will be supporting students in their revision. To further prepare your son/daughter for the formal exams, there will be an assembly before the first exam which makes expectations and procedures clear. If you have any questions, please contact me.

We appreciate your support in your child's revision and wish them all the best in their exams.

Yours faithfully,

Dr Kevin Rumary
Assistant Principal
Ormiston Rivers Academy
