

23 June 2025

Dear Parents/Carers,

Re: Year 9 Science End-of-Year Assessment

I hope this letter finds you well.

I am writing to inform you that Year 9 students will be taking their **End-of-Year Science Test** during the week commencing **Monday 7th July 2025**. This assessment will cover key topics studied throughout the academic year and is an important opportunity for pupils to demonstrate their progress and understanding in science.

The test will include the following topics:

- **Biology:** Cells and Human Body Systems
- **Chemistry:** Atomic Structure, The Periodic Table, and Chemical Analysis
- **Physics:** Forces

To help pupils prepare, we recommend the following revision resources:

- **BBC Bitesize** – A reliable and accessible resource that covers all key areas of the curriculum.
- **Seneca** – Online homework and revision platform
- **Class Notes** – Pupils should review their own notes and any tasks completed in their Science exercise books.

Please encourage your child to spend time revising these areas in the lead-up to the assessment.

If you have any questions or concerns, please do not hesitate to contact the Science Department.

Yours sincerely,

Mrs Amanda Morgan

Deputy Head Science Curriculum Lead
